SECTION 1: Diseases of Blood Components

1. Haematological Assessment	3
2. Iron Deficiency Anaemia	6
3. Megaloblastic Anaemia	11
4. Aplastic Anaemia	19
5. Haemoglobinopathies	26
6. Sickle Cell Disease	28
7. Unstable Haemoglobin	32
8. Methaemoglobinaemia	34
9. Thalassemia	36
10. Haemolysis	40
11. Abnormalities of Red Blood Cells	44
12. Red Blood Cell Enzymopathies	48
13. Glucose 6-Phosphate De-Hydrogenase Deficiency	51
14. Micro-Angiopathic Haemolytic Anaemia	54
15. Red Blood Cell Membranopathies	55
16. Autoimmune Hemolytic Anaemia	57
17. Drug Induced Haemolysis	62
18. Anaemia of Systemic Diseases	64
19. Polycythemia	67
20. Rhesus Disease	69
21. ABO Haemolytic Disease	73
22. Neonatal Anaemias	75
23. Leucocytes	80
24. Infectious Mononucleosis	85
25. Phagocytes	86
26. Platelets	91
27. Idiopathic Thrombo-Cytopenic Purpura	94
28. Immune Thrombocytopenia	97

29. Neonatal Thrombo-Cytopenia	101
30. Platelet Dys-Function	107
31. Inherited Platelet Dys-Function.....	110
32. Acquired Platelet Dys-Function	113
33. Platelet Transfusion	114
34. Nonthrombocytopaenic Purpura	115
35. Coagulation	117
36. Haemophilia	119
37. Acquired Coagulation Disorders.....	125
38. Haemorrhagic Disease of Newborn.....	127
39. Disseminated Intravascular Coagulation	129
40. Anaemia of Inflammation	136
41. Leukaemia	141
42. Marrow Infiltration.....	154

SECTION 2: Diseases Due to Toxicity and Poisoning

1. Iron Toxicity.....	161
2. Snake Bite	163
3. Drug Induced Hepatotoxicity	166
4. Lead Poisoning	170
5. Superoxide Dismutase Deficiency.....	172

SECTION 3: Disorders Due to Environment and Climate Change

1. An Approach to Physical Trauma	175
2. Physical Burns	181
3. Heat Stroke.....	185
4. Ionizing Radiation.....	191

SECTION 4: Recent Advances in Therapeutics

1. Neuromyelitis Optica Spectrum Disorder.....	195
2. Opioid Use Disorder	196
3. Neurocancer Therapy.....	199
4. Disaster Management.....	201
