Preface.....v

Acknowledgement..... vii

Unit-I: Fundamentals of Orthopaedic Radiology

1. Introduction to Orthopaedic Radiological Imaging: A Comprehensive Analysis of Scope, Evolution, and Clinical Practice.....3
Anurag Luharia, Nallapati Brahmaiah, Yogesh Hatge, Madhusudan Chatim
2. Basic Imaging Modalities in Orthopaedics: A Comprehensive Analysis of Conventional Radiography, Digital Systems, Fluoroscopy, and Workflow Integration14
Gaurav Mishra, Albert Paul, Prem Ambatkar, Ashish Uke
3. Advanced Imaging Modalities in Musculoskeletal Applications.....25
Suhas Tiwaskar, Anshul Sood, Anurag Kulkulewar, Shreya Naik
4. Radiation Biology in Orthopaedic Imaging: Fundamental Concepts of Ionizing Radiation, Mechanisms of Interaction, and Biological Effects.....33
Sarthak Das, Shweta Dahake, Gajanan Pisulkar, Maruf Ahmed

Unit-II: Regional Orthopaedic Imaging

5. Radiation Biology in Orthopaedic Imaging: Tissue-Specific Radiosensitivity, Paediatric Vulnerability, and the Biological Foundation of ALARA47
Ansh Grover, Nisha Govindani, Mandeep Mangla, Sandeep Chaudhary
6. Upper and Lower Limb Imaging in Orthopaedic Radiology: Comprehensive Protocols, Positioning Techniques, and Radiation Safety60
Anshul Sood, Monika Luharia, Yogesh Hatge, Albert Paul
7. Spine Imaging: Comprehensive Protocols, Advanced Techniques, and Radiation Safety in Radiographic Assessment..... 74
Gajanan Pisulkar, Anurag Luharia, Gaurav Mishra, Prem Ambatkar

Unit-III: Orthopaedic Pathologies and Imaging

8. Orthopaedic Pathologies and Imaging: Congenital and Developmental Disorders.... 93
Sandeep Shrivastava, Suhas Tiwaskar, Anurag Kulkulewar, Sarbari Saha
9. Trauma and Fractures: Comprehensive Imaging Principles, Paediatric Considerations, and Radiation Safety 110
Suhas Tiwaskar, Sarthak Das, Trish Shetty, Monika Luharia
10. Infections of Bone and Joints: Comprehensive Imaging Assessment and Clinical Management 125
Sarthak Das, Ansh Grover, Mandeep Mangla, Shweta Dahake
11. Bone Tumors and Tumor-like Lesions: Comprehensive Imaging Assessment, Diagnostic Strategies, and Safety Considerations..... 139
Ansh Grover, Shrikant Chaudhary, Yogesh Hatge, Gajanan Pisulkar
12. Metabolic and Endocrine Bone Disorders: Comprehensive Imaging Assessment, Diagnosis, and Safety Considerations 156
Anshul Sood, Anurag Luharia, Prem Ambatkar, Shrikant Chaudhary
13. Arthritis and Joint Disorders: Comprehensive Imaging Assessment and Diagnostic Strategies 170
Suhas Landge, Anurag Luharia, Gajendran N, Nallapati Brahmaiah

Unit-IV: Interventional and Functional Imaging

14. Interventional Orthopaedic Radiology: Comprehensive Guide to Procedures, Techniques, and Radiation Safety 186
Gaurav Mishra, Sarthak Das, Sarbari Saha, Trish Shetty
15. Functional and Dynamic Imaging: Comprehensive Guide to Stress Radiography, Dynamic MRI/Ultrasound, and Radiation Dose Optimisation 200
Suhas Tiwaskar, Sarbari Saha, Mandeep Mangla, Ashish Uke

Unit-V: Special Topics and Future Perspectives

16. Paediatric Orthopaedic Imaging: Comprehensive Guide to Growth Assessment, Pathological Conditions, and Radiation Safety..... 217
Ansh Grover, Sarthak Das, Anshul Sood, Nallapati Brahmaiah
-

17. Sports Injury Imaging: Comprehensive Guide to Ligament, Tendon, and Cartilage Assessment, Stress Fractures, and Low-Dose CT Applications 232
Ansh Grover, Anurag Luharia, Prem Ambatkar, Maruf Ahmed
18. Artificial Intelligence and Digital Tools in Musculoskeletal Radiology: Comprehensive Guide to Fracture Detection, Radiomics, and Dose Optimisation 248
Nallapati Brahmaiah, Sandeep Chaudhary, Anshul Sood, Gaurav Mishra
19. Radiation Protection and Quality Assurance in Orthopaedic Imaging: Comprehensive Guide to Safety Fundamentals, ALARA Implementation, Dose Reference Levels, and Staff Protection Systems 266
Anurag Luharia, Shreya Naik, Suhas Tiwaskar, Trish Shetty
20. Radiation Protection and Quality Assurance in Fluoroscopy-Guided Orthopaedic Surgeries: Comprehensive Guide to Safety Protocols, Regulatory Frameworks, and Quality Control Systems 285
Anurag Luharia, Shweta Dahake, Shreya Naik, Sarthak Das
