

# **Environmental Microbiology**

---

## **Contents**

<i>Preface</i> .....	<i>ix</i>
1. An Introduction to Environmental Microbiology.....	1
2. Microbes and Environments.....	6
3. Microbial Growth on Environments.....	23
4. Microbial Activities in the Environments.....	43
5. Microbial Interaction.....	66
6. Microbes and Environmental Pollution.....	93
7. Wastewater Treatment, Water Purification and Public Health.....	103
8. Biomass and Biofuel.....	110
9. Methods in Microbial Ecology.....	121
<i>References</i> .....	<i>140</i>
