

Table of Contents

Preface v

Part I: Ancient Medicine

1. Ancient Egyptian Medicine 3
2. Ancient Indian Medicine 5
3. Ancient Chinese Medicine 9
4. Gods and Goddesses in Ancient Western Medicine 11
5. Hippocrates 13
6. Claudius Galen 17

Part II: Medieval Medicine

7. The Dark Ages in Western Medicine 23
8. The Golden Era of Arabic Medicine 29
9. The Black Death 32

Part III: 14th to 18th Century Medicine

10. Renaissance of Western Medicine 37
11. Andreas Vesalius 40
12. Leonardo Da Vinci 42
13. Gabriele Falloppio 44
14. Ambroise Pare 46
15. William Harvey 48
16. Thomas Sydenham 50
17. Marcello Malpighi 52
18. Anton Leeuwenhoek: “The First Microbiologist” 54

19. Stephen Hales	56
20. Ingenious Investigations on Digestive Physiology	58
21. Giovanni Morgagni	60
22. Leopold Auenbrugger	62
23. William Hunter	64
24. John Hunter	66
25. Role of Criminals in Anatomy Education	68
26. Matthew Baillie	70
27. William Withering	72
28. Edward Jenner	74

Part IV: 19th Century Medicine

29. Rene Laennec	79
30. Advances in Physiology of Digestion	81
31. Charles Bell	84
32. François Magendie	86
33. Vivisection	88
34. Robert Graves	89
35. Rudolf Virchow	91
36. Miasma Theory of Disease	93
37. Ignaz Semmelweis	95
38. Louis Pasteur: Germ Theory of Disease	97
39. Robert Koch	100
40. Emil von Behring	103
41. Paul Ehrlich	105
42. Carl Ludwig	107
43. Claude Bernard	109

44. Brown-Séguard	112
45. Alois Alzheimer	114
46. Franz Nissl	116
47. Guillaume Duchenne	118
48. Jean-Martin Charcot	120
49. Joseph Babinski	123
50. Charles Darwin	125
51. Health Care in 19 th Century London	128
52. Historical Image of Women as Patients	131
53. Florence Nightingale	133
54. The Red Cross Movement	137
55. The First Woman Doctors in the USA, England and India.....	139
56. Discovery of Anaesthesia	144
57. Joseph Lister	147
58. Theodor Billroth	150
59. William Halsted	153
60. Medical Missionaries.....	155
61. Tropical Medicine—A By-product of Imperialism	157
62. Sigmund Freud.....	159
63. Initiation of Western Medical Education in India.....	162
64. Jivraj Mehta	164

Part V: 20th Century Medicine

65. The Nobel Prize	169
66. Nobel Prize Winners in Physiology or Medicine.....	171
67. American Research Workers in Medicine: From Zero to Heroes.....	179
68. The Brown Dog Affair	181

69. Wilhelm Roentgen	183
70. The Pioneer Neurohistologists.....	186
71. Marie Curie.....	189
72. Invention of Sphygmomanometer	191
73. Harvey Cushing	194
74. Ivan Pavlov	196
75. History of Blood Transfusion	198
76. The Golden Era of Surgery.....	200
77. Ronald Ross.....	205
78. From Mal'aria to Malaria	206
79. Influenza Pandemic 1918–19.....	210
80. J S Haldane	212
81. Gerhard Domagk: Discovery of Sulphonamides.....	214
82. Alexander Fleming: The Beginning of Antibiotic Era.....	216
83. Selman Waksman Discovery of Streptomycin	219
84. History of Tuberculosis.....	221
85. Rustom Jal Vakil	223
86. Role of Battle-fields in Medical Research	225
87. Discovery of Vitamins	227
88. Discovery of Endocrines.....	231
89. Walter Cannon	235
90. Walter Rudolf Hess.....	237
91. Egas Moniz	239
92. Walter Freeman.....	241
93. Treatment of Psychological Disorders.....	244

94. Otto Loewi.....	248
95. Henry Dale.....	250
96. Electrodiagnostic Techniques	252
97. Werner Forssmann: The First Cardiac Catheterization.....	256
98. Pioneers in Heart Surgery	258
99. Discovery of Anticoagulants.....	260
100. Gertrude Elion	263
101. The Thalidomide Disaster.....	265
102. History of Tobacco Smoking and Lung Cancer.....	267
103. Hans Selye	270
104. Nobel Laureate Neurophysiologists	272
105. Willem J Kolff.....	275
106. Eric Richard Kandel	278
107. Nitric Oxide: From Menace to Marvel	280
108. Test Tube Babies.....	282
109. A. S. Paintal	284
110. V. Ramalingaswami	286
111. B. K. Anand	288
112. The Eugenic Movement.....	290
113. Truth Serum	293
114. Richard Axel	295
115. Discovery of Helicobacter Pylori	297
116. On Learning Sexology from Prostitutes	299
117. Alternative Medicine	301
118. The Dark Side of Medical Research.....	306

Part VI: Development of Medical Specialities

119. History of Immunology	313
120. History of Ophthalmology	319
121. History of Audiology	329
122. History of Orthopaedics.....	335
123. History of Obstetrics and Gynaecology.....	345

Part VII: 21st Century Medicine

124. Life Expectancy	361
125. The World Population Explosion.....	362
126. Key-Hole Surgery	364
127. Telemedicine.....	365
128. Robotic Surgery	366
129. Fetal Surgery.....	367
130. Gene Therapy.....	368
