

A Textbook of Biochemistry for Dental Students

(Contents)

<i>Preface</i>	<i>vii</i>
<i>Acknowledgement</i>	<i>ix</i>
1. Cell.....	1
2. Plasma Membrane and Transport.....	6
3. Concepts of Biophysics and Acid- Base Balance	11
4. Water and Electrolyte Balance	18
5. Enzymes	23
6. Biological Oxidation	34
7. Carbohydrate Chemistry	41
8. Lipid Chemistry	50
9. Protein and Amino Acid Chemistry	59
10. Carbohydrate Metabolism.....	66
11. Lipid Metabolism	86
12. Protein Metabolism	101
13. Integration of Metabolism.....	118
14. Vitamins	126
15. Mineral Metabolism.....	138
16. Heme Metabolism	153
17. Nutrition	160
18. Nucleic Acid Metabolism.....	174
19. Hormones	191
20. Connective Tissue	199
21. Muscle Tissue.....	202
22. Nerve Tissue.....	206
23. Detoxification.....	211
24. Immunology	215
25. Quality Control	223
26. Radio Isotopes.....	226
27. Oxygen Toxicity and Antioxidants.....	229
28. Organ Function Tests	232
