

## Contents

<i>Editor Profile</i> .....	<i>vi</i>
<i>Preface</i> .....	<i>xi</i>
1. Attached Algal Life Forms of The High Altitude Flooded Rice Fields Of Eastern Himalaya <i>Rajashree Saikia, Tapati Das, Akash Kachari and Debangshu Narayan Das</i>	1-20
2. Ethno-Dermatological Practices of Plants Species Among The Tea Tribes of Upper Assam, Ne India <i>Amal Bawri</i>	21-30
3. Study On The Growth, Yield Potential and Tuber Quality of White and Orange Flesh Sweet Potato [Ipomoea Batatas (L.) Lam] Germplasms Under North-Eastern Biodiversity, Manipur <i>Kenny Thangjam and A K. Bijaya Devi</i>	31-50
4. Impact of Climate Change on Bio-Diversity <i>Samir Kumar Mukherjee</i>	51-64
5. Laboratory Evaluation of Bait-Insecticide Combinations against Fruit Fly, Bactrocera Tau Walker (Diptera: Tephritidae) <i>Yendrembam K. Devi, Bumpy Kangjam and P.K. Mehta</i>	65-69
6. Biosynthesis and Biodegradation of Cyanide in Nature <i>Parmar P. R, Rajumar B.K, Butani N. V. and Desai P. V.</i>	70-80
7. Cultivation of Medicinal Horticultural Crop, Euryale Ferox <i>Victor Singh Ayam, Helen Soibam</i>	81-87
8. Resource Conservation for Socioeconomic Development in Northeast India <i>Mirinchonme Mahongnao, Noklencyangla and Subhash Kumar</i>	88-102

9. Artificial Intelligence for Preserving Biodiversity: Paving The Way Towards Sustainable Planet 103-111  
*Somnath Mukherjee*
10. Decentralized Governance; Forest Land Allotment for Sts and Tradition Forest Dwellers: A Study of Marvahi and Gorella Block (C.G.) 112-131  
*Vikram Singh*
11. Physiological Interventions for Yield and Quality in Tropical Fruits 132-143  
*Gurumurthy S., Vijay Laxmi., Lalit Kumar., Nath, C.P., Basavaraja, T., Soren, K.R., \*Tracila Meinam, \*\*Thoudam Santosh Singh, \*\*\*Ningthoujam Reemi Devi, and \*Senjam Jinus S.*
