

# Contents

## Segment- I

Chap-1	Comprehensive Anatomy of Eye Ball	3
Chap-2	Blood Supply and Nerve Supply to Eye Ball	7
Chap-3	Detailed Structure of Orbit and Contents of Orbit	16
Chap-4	Anatomy and Physiology of Extraocular Muscles	25
Chap-5	Anatomy and Physiology of Tear Film	33
Chap-6	Anatomy and Physiology of Conjunctiva	36
Chap-7	Anatomy and Physiology of Cornea	42
Chap-8	Anatomy and Physiology of Sclera	52
Chap-9	Anatomy and Physiology of Uvea	55
Chap-10	Anatomy and Physiology of Lens	61
Chap-11	Anatomy and Physiology of Angle of Anterior Chamber	69
Chap-12	Anatomy and Physiology of Aqueous Humour	75
Chap-13	Anatomy and Physiology of Vitreous	80
Chap-14	Anatomy and Physiology of Retina	85
Chap-15	Anatomy and Physiology of Optic Nerve	93
Chap-16	Anatomy and Physiology of Visual Pathway	98
Chap-17	Pupil and Pupillary Reflexes	102

## Segment-2

Chap-1	Introduction to Light	113
Chap-2	Properties of Light	117
Chap-3	Reflection and Refraction of Light	121
Chap-4	Diffraction and Dispersion	129
Chap-5	Geometrical Optics	132
Chap-6	Schematic and Reduced Eye	136
Chap-7	Lenses	139
Chap-8	Prism	144
Chap-9	Eye Movements	159
Chap-10	Magnification Of Lenses	162
Chap-11	Homocentric Lenses System and Gauss's Theorem	165
Chap-12	Optical Aberrations	169
Chap-13	Lasers in Ophthalmology	174
Chap-14	Visual Acuity	183

Chap-15	Subjective Refraction	187
Chap-16	Retinoscopy	192
Chap-17	Simple and Toric Transposition	202
Chap-18	Spherical Equivalent	206
Chap-19	Accommodation and Convergence	207

### **Segment-3**

Chap-1	Refractive Error	213
Chap-2	Anomalies of Accommodation and Convergence	231
Chap-3	Diseases of Eyelids	240
Chap-4	Diseases of Lacrimal System	260
Chap-5	Diseases of Tear Film	271
Chap-6	Diseases of Conjunctiva	278
Chap-7	Diseases of Cornea	290
Chap-8	Diseases of Sclera	309
Chap-9	Diseases of Uvea	315
Chap-10	Glaucoma	328
Chap-11	Diseases of Lens	342
Chap-12	Diseases of Vitreous	371
Chap-13	Diseases of Retina	378
Chap-14	Diseases of Optic Nerve	410
Chap-15	Diseases of Orbit	418
Chap-16	Strabismus	426
Chap-17	Amblyopia	436
Chap-18	Colour Blindness	441
Chap-19	Vitamin A Deficiency	444
Chap-20	Ocular Injuries	448
Chap-21	Low Vision Aids	457
Chap-22	Destructive Surgeries of Eyeball	462

### **Segment-4**

Chap-1	A Brief History of Ophthalmic Lenses, Spectacles	467
Chap-2	Ophthalmic Lens Material	470
Chap-3	Ophthalmic Lens Blank Manufacture	476
Chap-4	Properties of Ophthalmic Lenses	482
Chap-5	Types of Ophthalmic Lenses	485
Chap-6	Aspheric Lenses	499
Chap-7	Spectacle Frames	502
Chap-8	Types of Frame Material	508

Chap- 9	Types of Human Faces, Choice of Frames	517
Chap-10	Cosmetic and Functional Dispensing of Spectacles	524
Chap-11	Spectacles Intolerance	529
Chap-12	Contact Lens	532

### **Segment-5**

Chap-1	Refractometer	547
Chap-2	Lensometer	551
Chap-3	Keratometer	554
Chap-4	Ophthalmoscope	556
Chap-5	Slit Lamp	562
Chap-6	Loupe	566
Chap-7	Operating Microscope	567
Chap-8	Perimeter	569
Chap-9	Tonometer	573
Chap-10	Gonioscope	579
Chap-11	Pachymeter	582
Chap-12	Exophthalmometer	584
Chap-13	Electrophysiological Tests	586
Chap-14	Orthoptic Instruments	591
Chap-15	A and B Scan Ultrasonography	598
Chap-16	Retinoscope	604
Chap-17	Ishihara Chart	607

### **Segment-6**

Chap-1	Ocular Pharmacology	611
Chap-2	Dyes in Ophthalmology	636

### **Segment-7**

Chap-1	Common Symptoms in Ophthalmology and Examination of Eye	645
Chap-2	Testing of Visual Acuity	657

### **Segment-8**

Chap-1	Community Ophthalmology	667
	<b>Abbreviations</b>	681
