

Volume I

Contents

<i>Forward</i>	v
<i>Preface to the Second Edition</i>	ix
<i>Acknowledgement</i>	xiii

Section-I

1. Gait	3
2. Examination Of The Hip Joint	12
3. Few Definitions	31
4. Commonly Asked Questions In The Examination of A Hip Case	38
5. Tuberculosis Of The Hip	45
6. Malunion of Fracture of The Pertrochanteric Femur	53
7. Old Case of Fracture of The Neck of The Femur	57
8. Avascular Necrosis of Hip Joint and Total Hip Replacement	65
9. Miscellaneous Cases of The Hip Pathology	72
10. Examination Of The Knee	79
11. Commonly Asked Questions In Knee Examination	95
12. Ligamentous Injury Of The Knee Joint	99
13. Genu Varus/Valgus	102
14. Recurrent Dislocation Of Patella	114
15. Quadriceps Contracture	118
16. Ankle And Foot Examination	122
17. Pes Cavus	131
18. Ankle Arthritis	136
19. Charcot's Arthropathy	141
20. Tarsal Caolition And Rigid Flat Foot	144
21. Congenital Pseudarthrosis of The Tibia	147
22. Congenital Talipes Equino Varus	154
23. Tendo Achilles Rupture	163

Section-II

1. Examination Of The Spine	169
2. Examination Of A Case Of Scoliosis	184
3. Sacroiliac Joint Examination	193
4. Prolapsed Intervertebral Disc	196

5. Spondylolisthesis	210
6. Pott's Spine	213
7. Cerebral Palsy	218
8. Post Hansen's Ulnar Neuritis	239
9. Foot Drop	249
10. Post Polio Residual Paralysis	254
11. Nerves of Upper Limb And Their Injuries	261

Section-III

1. Clinical Examination of The Shoulder	291
2. Shoulder Instability	304
3. Sprengel Shoulder	309
4. Arthritis Of The Shoulder	311
5. Clinical Examination Of The Elbow	320
6. Non Union Of The Lateral Condyle Of The Humerus With Cubitus Valgus	329
7. Tb Elbow	333
8. Stiff Elbow	335
9. Arthritis Of The Elbow	341
10. Malunited Supracondylar Humerus With Cubitus Varus Defomity	345
11. Examination Of The Wrist And Hand	351
12. Malunited Distal End of The Radius Fracture	363
13. A Note On Nev And Emg.	370
14. Deformities Of Hand	374
15. Ulnar Drift Or Deviation	380
16. Compound Palmar Ganglion With/Without Carpal Tunnel Syndrome	382
17. Volkmann's Ischaemic Contracture	384
18. Radial Bowing With Madelung's Deformity	390

Section-IV

1. Thoracic Outlet Syndrome	395
2. Torticollis	399
3. Amputation Stump	402
4. Chronic Osteomyelitis	408
5. Nonunion – <i>Dr. Prashant Upadhyaya</i>	416
6. Fibular Hemimelia	429

Volume II

Contents

<i>Foreword</i>	v
<i>Preface to the Second Edition</i>	xi
<i>Acknowledgement</i>	xiii
1. Commonly Used Classifications in Orthopaedics	1
2. Instruments and Implants	42
3. Orthosis and Prosthesis	103
4. Osteology and Pathology Specimen.....	150
5. Physiotherapy and Rehabilitation.....	189
6. Surgical Approaches in Short.....	211
7. Sutures.....	271
8. Bone Tumours at A Glance.....	281
9. Ward Rounds	366
10. Orthopaedic Radiology	417
11. Named Fractures	464
12. Angles.....	468
